

**Hite Resources, Inc.**  
Linking Behavior to Results

Based on Susan's Train Your Brain Series™ 

## Coaching Information

**Fees** for coaching services range from \$750 to \$1500 per month.

All coaching clients are set up to direct bill to credit card (Visa/MC). Charges are generally processed at the beginning of each month. If for some reason that month's meeting is cancelled, all attempts will be made to either reschedule for the same month or add an additional appointment the following month.

Upon agreement, a Hite Resources Team Member will contact you for your credit card information.

### **Process:**

We will meet one time per month either by phone or in person. Each coaching session generally lasts between 60 and 90 minutes. Some field work may be assigned to be completed between sessions. You may check in with me via email to update me or alert me to what you would like to focus on for our upcoming session. Also, phone calls are great to celebrate victories and progress! I do request that we keep calls to 10 minutes or less. If more time than that is needed then we should schedule an additional appointment.

### **Commitment:**

Since we are talking about creating momentum and success, we do request a six month commitment to the process.

### **Additional time:**

If you desire to meet more than once per month, that can be arranged and a discount will be applied.
